

Getting You There...

EXCHANGE PLACE/HARBORSIDE ON THE JERSEY CITY WATERFRONT

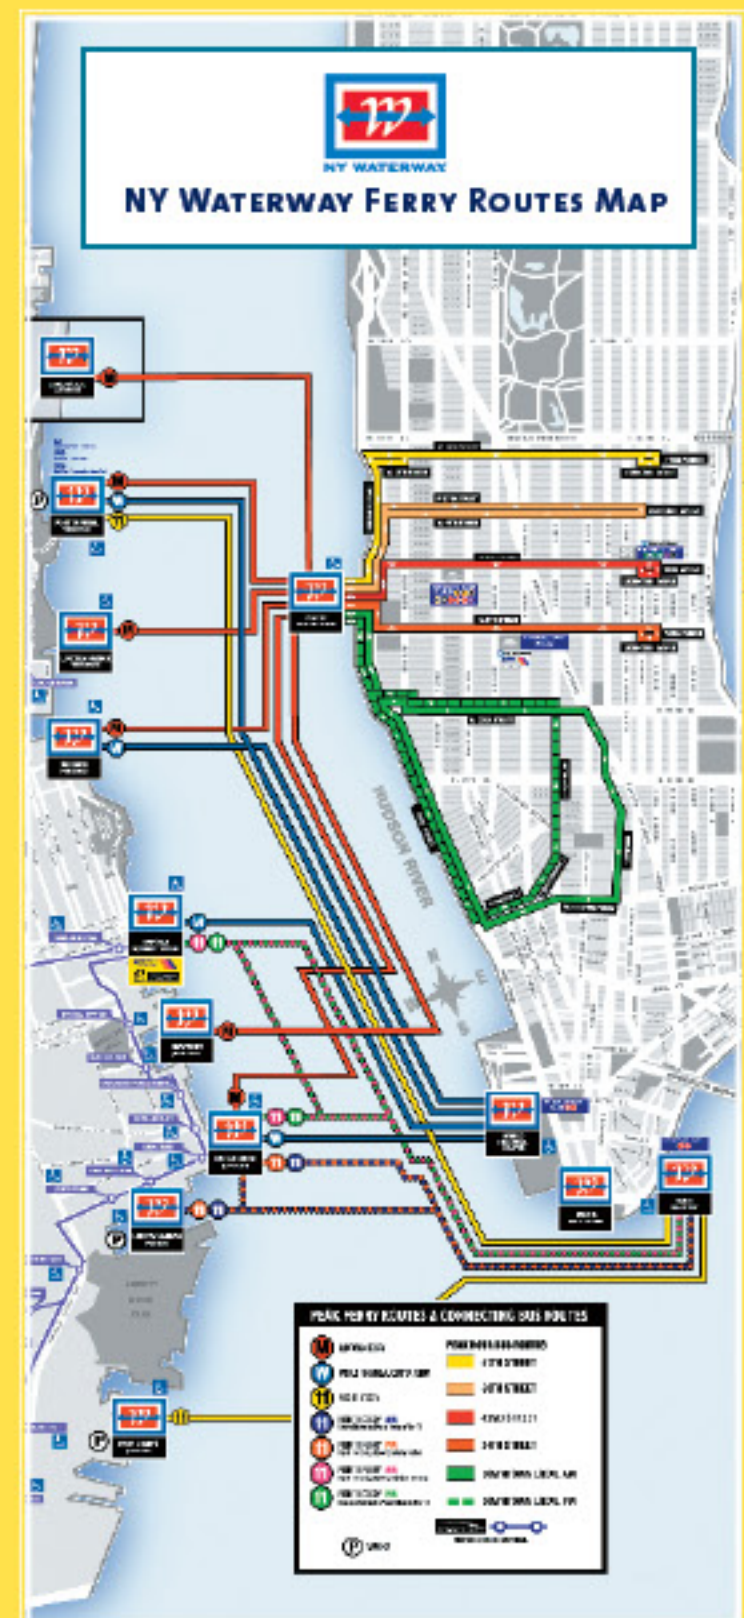

The Hudson Transportation Management Association (TMA) is dedicated to addressing Hudson County's transportation needs. The TMA acts as a consulting assistance agent for businesses as well as for the general public. It provides programs and incentives to employees and employers to simplify commuting options and offer alternate modes of transportation. The TMA's goals are to reduce traffic congestion and toxic auto emissions, increase economic growth, and improve quality of life for our residents and workers. Some of our efforts include assisting municipalities in transit planning, advising employers with plant relocation and shuttles, and promoting public mass transit, carpooling, vanpooling, and teleworking.

The Hudson TMA is available to present its programs to businesses and their employees. As a non-profit agency, all of our services are free. Call us at (201) 793-0145 or visit our website at hudsontma.org to schedule an appointment. Our website also provides access to our database data base which gives individuals the ability to join or form carpools and vanpools. As a liaison to mass transit agencies, the TMA is ready to personally help any commuter with their transportation concerns. As an advocate for bicycle and pedestrian issues, the HTMA regularly speaks to schools and community groups about safety and the importance of good transportation choices. Learn more about better ways to commute and take an active role in improving our environment by contacting the Hudson Transportation Management Association.

LIBERTY SCIENCE CENTER

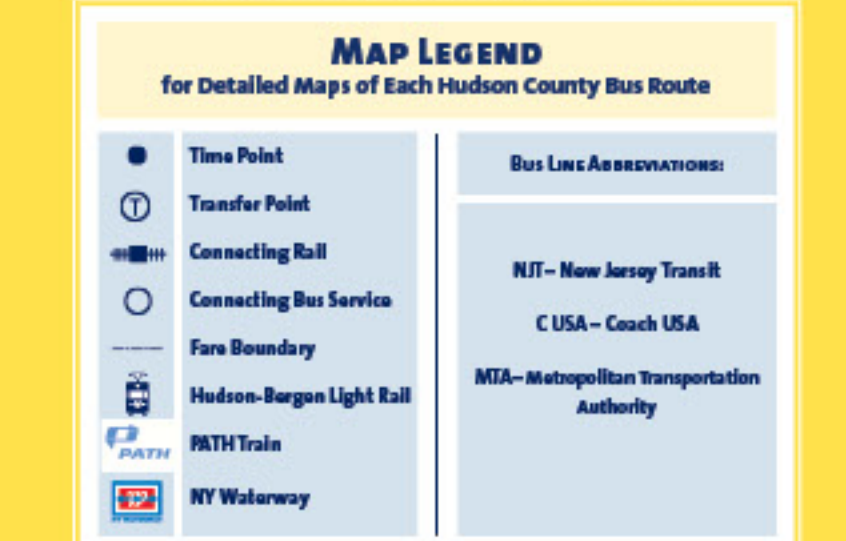

This map is published for the convenience of the public and should for accuracy. It is, however, only a current guide for basic information. As routes and schedules are subject to change at any time, it is suggested you call the appropriate carrier for the latest information to assist you in your travel plans. The County of Hudson, the HCA and the Hudson TMA assume no liability resulting from errors in this publication.

The map was prepared in cooperation with the US Department of Transportation and the Federal Highway Administration by grants administered through New Jersey Transit, New Jersey Department of Transportation, and the North Jersey Transportation Planning Authority. The Hudson TMA would like to thank the Hudson County Division of Planning and New Jersey Transit for their invaluable assistance in providing materials and data.
