

# Make your own bike license plate!

## Materials

- Cardboard
- Scissors
- Pen or pencil
- Permanent markers (multiple colors are the most fun)
- Ice pick or awl
- Twine

## Instructions:

- Print out your NJ Garden State template or you can even draw your own version.
- Write your name with marker, crayon, whatever you want!
- Once you're done, cut it out with help from a grown up.
- Glue it to a firm piece of cardboard.
- Now cut the cardboard to match the size of your license plate.
- Have a grownup help you poke holes in the cardboard for the string.
- Attach it to the back of your bike and ride with pride!
